

MARIUS ET JANETTE

The cuisine at Marius and Janette's reinvents itself to the rhythm of the tides.

The ports of Roscoff, Concarneau and Quiberon (and so many others) provide us with their finest catches, dictating the inspiration for our menus, at each service. Our philosophy : products from small-boat fishing, combining freshness and responsibility.

Connoisseurs will appreciate our selection of shellfish and oysters from the open sea or refined in clairs.
